According to **Harvard Business Review**, simplifying access to crypto assets is crucial for mass adoption. Removing barriers, such as complex user interfaces and regulatory uncertainties, can make cryptocurrencies more accessible to a wider audience. This accessibility fosters financial inclusion and encourages innovation, potentially transforming the global financial landscape.

“Bear markets are perfect for building.” – Hedge fund and a16z founder Andreessen Horowitz.

“LIKE THE INTERNET, DIGITAL ASSETS WILL CHANGE THE WAY PEOPLE INTERACT AND DO BUSINESS AROUND THE WORLD.”

Corte Inglés

The screenshot shows the El Corte Inglés website interface. At the top, there is a navigation bar with the El Corte Inglés logo, a search bar, and links for 'Consulta de pedidos', 'Nuestra tarjeta', 'Nuestras tiendas', 'Ayuda', 'Iniciar sesión', and a shopping cart icon. Below the navigation bar, there are four promotional banners, each featuring a product image, a category name, a discount percentage, a list of brands, a date range, and a 'Ver ofertas' link.
